

# Upstream. *The high quality, cost-effective video conferencing service*

## What is Upstream?

- An **easy-to-use and highly cost-effective** video collaboration platform
- Based on latest **award-winning technology** (Wall Street and Frost & Sullivan)
- Designed to deliver **HD Video Conferencing** over the **regular Internet and 3G**
- Works on **Windows & Linux PCs, Macs, tablets** and with **standard VC systems**

## Easy to use

- **Incredibly easy 'one click' connection**
- **Share content and conference** with **multiple locations** in the same call
- **'Presence-aware'** See when other users are on-line and **call with a single click**
- Participate in calls with existing **Tandberg, Cisco, Polycom, & Lifesize** systems
- **Connect to multiple users** by just sending an invite using the **free Outlook plug-in**
- **Join a conference with a single click** – even if you don't have any conferencing software
- **Best performance** guaranteed, **no settings** to worry about
